

The Art Speaks for Itself

Marvegos Online is coming to Casa di Mir Montessori. Experience the joy of exercising creativity with your Casa classmates from home. Classes include live interaction with a Marvegos instructor for a unique personalized experience on the Marvegos Zoom platform. This 10 week session begins Thursday, September 17 for Casa students only. An art bin to store Marvegos online supplies, a floor tarp, a color wheel and board to stretch paper is included with this initial offering.

Art Exploration from 3:30-4:20pm for Ages 5-7. Parts 1 and 2 of the Marvegos Online Series 1 will be covered in this 10 week session.

Series 1 online classes refer to the same 'special words' to help students build their understanding of the fine art terms. Students will learn about overlapping to create depth, creating texture, how to draw an elephant, a building, a ship and a dragonfly while having fun creating an adventure map, exploring a world under the sea and imagine the wanderings of an elephant. In addition our online classes will teach and encourage students to take care of and store the supplies they use. Though our online classes are designed to fully engage and empower children to attend the class and complete their work independently, parents should remain within earshot during the class to deal with unforeseen issues.

Students will make six original pieces of art using drawing, watercolor and mixed media.

Fine Art Fundamentals from 4:35-5:35pm for Ages 8-11. Parts 1 and 2 of the Marvegos Online Series 1 will be covered in this 10 week session. Each Series of online Fine Art Fundamentals classes build on different composition concepts. Series 1 explores Focal Point. Series 1, Part 1 explores how size and elements of art create a focal point in composition. Series 1, Part 2 challenges students to make art without a focal point. Marvegos Online is designed to fully engage and empower children to attend the class independently. Students will use oil pastels, ink, chalk pastels and colored pencils to create four artworks that are original and truly their own.

If this is the first time your child is registering for a Marvegos Fine Art Fundamentals class, you should also register for our [Online Form Class](#) that teaches students about form and composition, which is integral to every project in our Fine Art Fundamentals programs

Kids have shared their Marvegos Online artwork with us and we've seen fantastic results very similar to those from our studio and outreach classes. [Check out our online art gallery.](#)
